

EXECUTIVE BOARD

VICE PRESIDENT—STUDENT SERVICES

PURPOSE: TO ENCOURAGE EXCELLENCE IN OUR STUDENTS

Make sure your committee chairs know what to do, support them in getting it done and stay informed on their activities and budgets. A Vice President may be called upon at any time to assume temporarily the place of the President. The following committees are included in School Services:

- Scholarships and Awards
- College & Career Cove
- Special Populations

This area of the board is all about promoting good things for students. There is a lot of leeway about how this can be accomplished. Pending adequate funding and board approval, committee chairs may choose to plan and implement special programs, recognition events, publicity, awareness campaigns, etc. When planning a proposal for Student Services, please keep the following guidelines in mind:

- Programs and services should align with school goals, policies, and procedures.
- Programs and services should align with PTSA mission and vision.
- Every attempt should be made to secure donations/underwriting prior to using budget funds.
- Teachers' and students' instructional time should be carefully considered during planning.
- Programs and services should be *inclusive*; we must try very hard to reach, involve, and reward students representing all parts of our student body.
- All programs and services must be explicitly approved by the school principal and PTSA co-presidents prior to any publicity or other actions.

During the summer, have a meeting with all of the chairs in the area, to get to know each other, to discuss responsibilities, to discuss budget requests (generally, all committees in this area need a budget), and to welcome them. Establish open lines of communication.

During the school year, be aware of all upcoming events and communicate by phone with all chairs *at least* monthly. Also communicate any news, plans, concerns, or questions to the co-presidents at least monthly.

Encourage your chairs to promote their activities in the PTSA electronic newsletter and web site. If any event might generate interest in the larger community, consider contacting the Publicity chair to get an article in the local press.
